7th annual ONLINE Symposium of Neuroscience

Saturday, 30th October 2021, 10:00 - 15:15

Organised by the Student Council Neuroscience, University of Cologne

10:00 - 10:10 Welcome to the 7th annual Symposium of Neuroscience

Fabian Krohm, B. Sc.

Chair, Student Council Neuroscience

Prof. Dr. Dr. Kai Vogeley

Coordinator of the bachelor's and master's neuroscience study programs (Faculty of Medicine)

10:10 - 11:10

Dr. Paul Rodermund

Scientific project manager

University Hospital Essen (Cancer Research

Center Cologne Essen (CCCE))

5 minutes break

11:15 - 12:15

Verena Pesch

PhD student

Forschungszentrum Jülich

Institute of Biological Information Processing

Lunch break

13:00 - 14:00

Postersession

5 minutes break

14:05 - 15:05

Dr. Lukas Weiss

Postdoc

Institute of Animal Physiology

Justus-Liebig-University Giessen

15:05 - 15:15

Closing words

From 18:00

Get-together

Further information by mail after registration & on the website of the student council

Posters presented:

**Expression analysis of potential targets for
checkpoint inhibition in glioma**

Selma Aghabashlou Saisan

Experimental Neurosurgery and Neurooncology

Dept. of General Neurosurgery

University Hospital Cologne

**Parkin Knockout does not aggravate dopaminergic midbrain degeneration
in our 'inverse' Parkinson's disease model**

Pierre Hofmann

Institute of vegetative physiology

University of Cologne

Production of Adeno-Associated Viruses

Emilia Ehrift

Translational Pain Research

Dept. of Anaesthesiology and Intensive Care Medicine

University Hospital Cologne

Larvaworld - a behavioral analysis and stimulation platform for Drosophila larva

Thorben Greve

Computational Systems Neuroscience

Institute of Zoology

University of Cologne
